Section Five – Safeguarding

All local authorities, including district/borough councils in England, have a responsibility to safeguard and promote the welfare of children and adults who are at risk of abuse and neglect. Safeguarding children and adults who are at risk of abuse and neglect is everyone's responsibility. Unfortunately abuse of children and adults at risk can happen at any time, anywhere and be perpetrated by anyone. Abuse is not acceptable and must not be tolerated. Often children and adults at risk do not realise they are a victim of abuse, or are unable to protect themselves from harm. This is why it is important that action is taken and people know what to do when they have safeguarding concerns. It is paramount that all individuals working either directly or indirectly with children and adults at risk have an understanding of safeguarding commensurate to their role, and know how to report safeguarding concerns, in relation to children or adults at risk.

An organisation that is providing services or activities for children and young people under the age of 18 and/or adults at risk must have an appropriate up-to-date safeguarding policy and procedure.

A safeguarding policy makes clear to all what is required in relation to safeguarding children, young people and adults at risk. It helps to create a safe and positive environment for children and adults at risk, demonstrating that the organisation is taking its duty of care seriously. A safeguarding procedure provides clear step-by-step guidance on how to recognise abuse and neglect and how to respond to and refer safeguarding concerns.

Associated Partners

It is intended that anyone who has indirect or irregular contact with children and/or adults at risk should have an understanding about safeguarding. Event hirers who contract third party suppliers must promote safeguarding to these suppliers

Section Six – Insurance

- Event organisers are required to hold a current policy of insurance in respect of Public Liability or Third Party risks (including products liability where appropriate). The relevant limit of indemnity shall be an amount approved by the Council's Risk and Insurance Section and Legal Section. Under no circumstances shall this be less than £5 million and the Council reserves the right to require a higher limit if deemed necessary.
- Organisers will be required to produce evidence of their insurance cover together with that of any exhibitor, band/dance group, sub-contractor, caterer etc whom they have instructed/authorised to appear at the event.

Note:

All documentation must be produced before the event. Failure to comply may result in the Council refusing to grant permission for the holding of the event.

Section Seven - Emergency Services

You are requested to notify the Police and other appropriate emergency services a minimum of three months before the date of purposed event. You must produce evidence of the notification before the event. Failure to comply shall result in the Council refusing to grant permission for the event.
